

SWIM SCHOOL MEMBERSHIP

explained

WHAT IS IT?

Our Swim School Membership is a convenient way of enrolling for lessons with many benefits, including free year-round swimming for enrolled students. Once enrolled, you will be charged fortnightly fees in an ongoing booking that guarantees your spot when moving from term to term. The alternative to our Swim School Membership is a Term Booking, where booking and payments are made prior to the start of each term.

BENEFITS

1

Year-round free swimming for enrolled students

2

Hassle free rebooking process – your spot guaranteed term to term!

3

Convenient fortnightly direct debit payments rather than up front sums

Payment

Your Swim School Membership will be direct debited from your designated credit card every second Thursday. The direct debit amount is calculated by spreading the total cost of one years' worth of swimming over 24 direct debit payments

If any direct debit payments are rejected, you will be charged a \$15 rejection fee.

Family Members	% Discount	Individual Membership Price (fortnightly)	Total Family Price (fortnightly)
1	0	\$35.00	\$35.00
2	10%	\$31.50	\$66.57
3	30%	\$24.50	\$91.10
4	30%	\$24.50	\$115.60

Re-enrolment

Easy! If you want to remain in the same class for the upcoming term, you do not need to do a thing – you will be automatically booked in for your same lesson time. During "Change of Preference Week", you may also choose to submit a form (available at Reception) to allocate a new time for your class.

If you do not wish to continue lessons in the new term, you must submit a cancellation form otherwise you will remain enrolled in the lessons and payments will continue to be withdrawn.

Cancellations

If you wish to cancel your Swim School Membership, you must complete a cancellation form by visiting our Reception.

A cancellation fee of \$25 per family applies when all members of the same family decide to stop swimming. This will be paid in the next direct debit run.
